

This week the Literacy for All team explores the wonderful world of words again, but this time we're having fun with Scots language. Download our Scots dictionary to help you develop your Scots vocabulary.

Wonderful Words - Scots

Start by choosing some Scots words. You could ask your family and friends which Scots words they know and try using our Scots dictionary or search online to find some more.

Which words are your favourite?

You can use the strategies you learned last time - say & clap, define, draw and do an action - to help the Scots words stick. Here are two more fun activities for you to try at home with your Scots words.

SCOTS SNAP

Choose some Scots words for playing a game of snap! Make a set of cards by cutting out pieces of paper. Write Scots words on half of the cards and draw pictures to match on the other half of the cards.

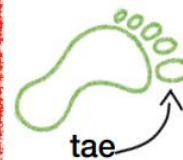

CHARADES

Choose a Scots word from your list and act it out without speaking. Can someone else work out what the word is?

Body Parts

Say the Scots

Say the Scots is a simple but fun game to play with your family. All you need is a dice.

How to play

- Roll the dice and find the picture that matches the number rolled.
- Say the word in Scots.
- Each player wins a point for every Scots word they get right.

You may want to create a game board of your own by picking some words from the Scots dictionary.
